About Us

We are a team of strategists, management consultants, engineers, designers, thinkers, conceptualizers, entrepreneurs and so much more. We are keen to redefine the life of consumers with our hybrid solution.

Bravo is our brainchild and Elthor is a part of our biologically derived solution which is powered with technology plus science. While the automobile industry is predicted to alter by 99% , we aim to be the torch bearers in this sustainable revolution.

Our mission is to reshape and redefine urban lifestyles and lead them towards a holistic integrative experience. Elthor bravo is the new symbol of "holistic travelling".
